

# Weekly Success Map

To-do lists are part of our daily lives.  
Some love it, some hate it.

Over the last couple of years, I've tried to build a map that helps me better understand what makes my week a success or not, as well as bring the emotional element to it.

This is why I built a simple Weekly Success Map, that you can print and use as you wish and see fit.

It's about building your success-list rather than your to-do list and at the same time look at how you want to be present in the week ahead, what personal tasks you want to accomplish as well as professional ones.

Enjoy the map!
